POLICY

1. School profile

Lethbridge Primary School was established in 1874 and is located approximately 30 kilometres from Geelong and 10 kilometers from Bannockburn. We have 102 students enrolled from Grade Prep to 6 and 21 school staff members.

The community of Lethbridge and surrounding rural areas from Maude, Meredith, Elaine and the outskirts of Bannockburn are a part of our student population. Family occupations range from employment in local farming and wine growing industries, self-employment and a variety of occupations that involve commuting to Bannockburn, Geelong and beyond.

At Lethbridge we believe students learn best when they are happy, healthy and supported within safe and productive relationships. We are proud of the warm and welcoming atmosphere that is part of our daily experience of school.

At Lethbridge Primary School all children interact across all year levels and all staff know all students. This is a feature of our rural school community and one that we value, encourage and foster.

Our school grounds have shared access to the Lethbridge Recreation Reserve, including a community sports oval and Lethbridge Tennis Club, and we are surrounded by a supportive community. Most students that attend our school live locally and tend to walk or ride their bike to school. Lethbridge Primary School has developed close ties to the local community, and enjoys support from our local shop and community services.

The school is an active member of the Flinders District Association, which includes seven schools. The group organises combined Sports Days for students and through this association we are able to provide a wide range of events and activities.

The school participates in a combined camping program with Meredith, Anakie and Shelford Primary Schools. This promotes social interaction for students with children from other schools.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

2. School values, philosophy and vision

As a community of learners, we respect and value the differences that make us unique. We are committed to genuine and sustained collaboration and learning that has the wellbeing and development of our children at the centre of all that we do.

Our focus is to teach the students to be independent and lifelong learners. They need to understand themselves as learners and be able to use this understanding to identify their own strengths and weaknesses. They learn to identify and act upon those attributes to constantly improve and develop their own abilities. Knowledge is no longer considered stagnant, therefore at Lethbridge Primary School we aim to provide our students with the skills and insight to become life-long, self-motivated, continual learners. Our programs focus on developing a curiosity in learners, and the ability to be able to investigate, infer, draw conclusions and present information that they are interested in and excited to share.

Our School Values:

- Respect - Respecting, Valuing and embracing difference
- Care - Care for self, others and the environment'
- Collaboration - Community collaboration and lifelong cooperative learning
- Resilience - Perseverance and resilience

Lethbridge Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Our Statement of Values is available on our website <http://www.lethbridgeps.vic.edu.au/>

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.
