# School Strategic Plan - 2022-2026

Lethbridge Primary School (1386)

<b>School vision</b>	As a community of learners, we respect and value the differences that make us unique. We are committed to genuine and sustained collaboration and learning that has the wellbeing and development of our children at the centre of all that we do.
<b>School values</b>	<p>Within the Lethbridge Primary School community of learners we have identified the key values that provide a foundation for the decisions, choices and actions of stakeholders in our school community.</p> <p>These values underpin our embedded School Wide Positive Behaviour Program, school policy documents and processes.</p> <p>The values at Lethbridge PS are:</p> <ul style="list-style-type: none"><li>• Respect</li><li>• Care</li><li>• Collaboration</li><li>• Resilience</li></ul> <p>We promote these values through our own behaviour, the curriculum, and:</p> <ul style="list-style-type: none"><li>• Restorative Practices</li><li>• Respectful Relationships</li><li>• Professional learning for all staff</li><li>• Student awards and celebrations.</li></ul> <p>As a Child Safe School we highlight the importance of student engagement and wellbeing in all policy development and implementation processes.</p>
<b>Context challenges</b>	<p>The current context at Lethbridge Primary School consists of a SFO of 0.4154 in 2021 and a SFOE index of 0.3632 in 2022. Lethbridge is rurally located within the Golden Plains Shire and utilises the local network to combine school camps and athletic events.</p> <p>Our school has slowly declined in enrolments, with 113 in 2022 to 107 in 2023 however there is a large amount of new construction within Lethbridge and the surrounding area. Changes in workforce has presented a challenge, as has the pandemic. Changes in leadership and the pandemic caused the school to shift wellbeing focus away from individual students to entire families. Our guaranteed and viable curriculum documents are a work in progress.</p> <p>Transition is important to us, although it is impacted due to there being no kindergarten in Lethbridge and we feed from a high</p>

	<p>number of kindergartens, from a broad catchment. Our Year Six students also transition into multiple colleges, within Bannockburn, Geelong and Ballarat.</p>
<p><b>Intent, rationale and focus</b></p>	<p>Our intent is to continue building staff capacity to cater for the entry point learning of each student. We will achieve this by offering professional learning connecting data, differentiation and individual learning goals. Our work in developing our guaranteed and viable curriculum will continue, with further work to include literacy. We intend to build teacher capacity to understand the multi-tiered systems of support for student learning and wellbeing. We will continue our growth to gather more feedback from students for staff; connected to learning and agency. Our Inquiry learning approach will strive to be culturally responsive and connect students with the wider community.</p> <p>Prioritising protected and uninterrupted planning time for our collaborative teams will continue. This work has eliminated isolation of teachers and forged collaborative and insightful conversations amongst teachers that are evidence and data based.</p>
